

ACTIVITY 2: GROUP DISCUSSION

1.The topics include, “The most urgent area for change in education”,What is transformative education? What is missing in SDGs?, and “key Features of SDG4. Let the groups discuss the given topic.

2. Let the groups discuss their thought and ideas on the given topic, and when necessary, intervene or give more concrete guidelines with reference information (refer to the documents on SDGs and others).The participants of each member of the group need not make correct answer and are free to give additional questions or share areas need more clarification from the facilitator of the group.

3. Present each group in google classroom the result of your activity.Each group needs to write each explanation to the given topic. Then organize your ideas so as to come with a common thought.

4.After wards, each group share and discuss the result to the class.
